**TAKE PRESCOTT FIGHT
INTO SUPREME COURT**

The petition of Frank Heisler, formerly chief of police of Prescott for the removal from that office of Robert Robbins, the present incumbent, was filed yesterday in supreme court on appeal from the superior court of Yavapai county.

Heisler was elected chief of police in 1913. Early this year an election was held, at which time the office of chief of police did not appear on the ballot. The mayor, with the council appointed Robbins to the office. The lower court decided against Heisler, when he filed a petition to have Robbins ousted.

The appeal of J. R. Jones, D. F. Harbridge, et al., from the judgment of the superior court of Maricopa county in the action brought by the Six Points Lumber company was also filed yesterday. The company was awarded \$1050 in the lower court.

**TO ATTEND BIG
MUSICAL MEET**

Phoenix to Be Well Represented at Convention of Federated Musical Clubs at Los Angeles — Opera "Fairylend"

Phoenix will be largely represented at the convention of Federated Musical Clubs which meets shortly in Los Angeles. Besides the delegates, there will be several members of the Musical Club in attendance attracted by the splendid series of programs and the premiere production of the \$10,000 prize American opera "Fairylend." In response to the many queries that have been received by Mrs. L. E. Hewins, the vice president for Arizona of the National Federation of Musical Clubs the following announcements are made:

Delegates will be given admission to all events of the ten days including the opera. The array of programs to be presented at this time is an entirely new thing in number, there being at least a dozen special programs—a music festival—really distinct from the federation and everyone is permitted to pay for them. A season ticket is being sold for \$10.00 which admits to everything (including a \$4.00 opera seat or two \$2.00 seats). Single admissions will also be sold.

The seat sale will be open to season ticket holders for two weeks, from June 7, giving them first choice of seats. Opera seats are reserved but none others although season ticket holders will be given some of the best seats for all events.

Prices for the opera will be: The first seven rows downstairs \$2.00; the rest of the lower floor to loges \$4.00; back of loges \$2.00; box and loges seats \$10.00; mezzanine floor \$1.50; first balcony (very good) first four rows \$2.50; rest of balcony (2.00 also good); upper balcony (probably not reserved) \$1.00.

For evening concerts \$1.00 and 50c; afternoon programs 50c and 25c. The federation itself offers but three programs. The Student's contest, the representatives of western federated clubs, and the Sunday afternoon program. These and the discussions are open to everyone.

Applications for tickets may be sent to the American Opera Association, 139 Blanchard Bldg., Los Angeles, and they will receive prompt attention. Money orders should be made payable to the American Opera Association.

**ALL IN READINESS FOR
MASCOT CELEBRATION**

Officials and Representatives of State and Nation to be Present at Celebrating of new Railroad.

The greatest celebration ever held in Arizona will be at Mascot, on June 15. That is the news being heralded over the state, by the publicity committee of the Mascot Copper Co., who are doing all in their power to have a big crowd on hand, the day of the completion of the Mascot and Western railroad, which will connect the latest big copper producer near Dos Cabezas with the Southern Pacific at Wilcox.

It is planned to have all sorts of interesting doings on the eventful day, and invitations to be present have been accepted by prominent state and government officials, leading officials of the Southern Pacific, from San Francisco, officials of the El Paso and Southwestern, and men high up in the affairs of some of the large copper companies of the southwest.

The program for the day will include the largest free barbecue ever given in the southwest. Music will be furnished by a brass band of 25 pieces. Prominent speakers from the state and from the east will address the crowds.

copper taken out of the mines nearby, will be used to mark the last bit of construction work on the new road.

The El Paso and Southwestern and the Southern Pacific are going to make special excursion rates to Wilcox, and special excursion trains will be chartered to take everybody free from Wilcox on the new road through the Sulphur Springs Valley to the new town of Mascot where the celebration will be held.

A special invitation has been issued to chambers of commerce and business men's organizations to come in a body. Free reservations will be made for such bodies.

Among the state officials who are planning to attend the celebration, are Sidney F. Osborn, secretary of state, and corporation commissioners Cole and Geary.

**FRANKLIN PUBLICITY
WORKS IN THE VALLEY**

The very latest model Franklin, the late series seven, was unloaded here yesterday. The car is of the touring model, and is but very slightly different from the Franklins received a few weeks ago, although some improvements appear in connection with the air supply to the carburetor. This car is equipped with the new Goodyear cord tires, and is probably the first car in the state to carry this new style of tire.

In connection with its national economy tests on May first, the Franklin company has issued a very attractive piece of advertising matter, the size and style of Collier's Weekly being followed. Included in the illustrations, which were sent from all parts of the country, are five taken on the Franklin's trip to the Roosevelt dam. Two of these are of the dam, two of Fish Creek hill and one of Tortilla flat. The notes carry the story of the filling of the reservoir and its capacity, so the Salt River valley gains a nice bit of "free advertising" again, as the result of the enterprise of a local automobile dealer.

Special for Saturday—14 lbs. granulated sugar for \$1.00 with every \$2.50 purchase of other merchandise. McKee's Cash Store.

Hire a little salesman at The Republican office. A Want Ad will see more customers than you can.

**What "A. B. C. Service"
Means to the Advertiser**

"A. B. C. Service" means unprejudiced information on the various publications in which your advertising appropriation is being expended.

It is as definite as the measurements, weights and other specifications which govern the uniformity of your product.

It means that right in your own office, you have a gauge on the working capacity of every dollar put into your advertising.

It means, that you now have the advantage of established facts as compared to previous guess work—on quantity, quality and distribution of the circulation—standardized audited facts—of the various classes of publications—on a basis that enables you to compare the actual value of one publication with another, as particularly applied to the thing you are selling.

"A. B. C. Service" cost only a fraction of the cost of doing without it.
